- t.b. I always wanted to know who did the cum into my heart song. thanx
1:12 PM 14-Apr-2012
- Elorious Cain** Now you know!
1:15 PM 14-Apr-2012
- Niall Is there a more quintessential Disco Sound than this? Now I want to know more about how much of it he invented, and how much he used from before. He came on the scene in 1978, and it makes me want to know more of the evolution of this sound before, and after...
1:23 PM 14-Apr-2012
- James Pinet, LILE tis like super trancehouse nudisco shit. is it all new?
1:24 PM 14-Apr-2012
- Niall James: this so far is from the late 70s.
1:28 PM 14-Apr-2012
- Elorious Cain** Niall is absolutely right James, except for the "this is a test" that is from 1981, all of this amazing American Eurodisco is from 1978.
1:31 PM 14-Apr-2012
- Niall This is what Nudisco tries, and usually fails, to emulate. It took a specific group of people and influences and an atmosphere to create these tracks, and it's unknown if it can ever be done all-new again...
1:33 PM 14-Apr-2012
- Sal, Orlando, fla Cerrone was better
1:35 PM 14-Apr-2012
- H. R. Cerrone was joke. Boris Midney was a true artist. I was there!!
1:39 PM 14-Apr-2012
- Niall They were different versions of a sound developing in tandem. Elorious can probably talk at length about the links between the two. :)
1:44 PM 14-Apr-2012
- Elorious Cain** Although they both did Eurodisco, comparing Boris Midney to Cerrone is like comparing apples to oranges.
1:47 PM 14-Apr-2012
- Alysha Seronta What is nudisco? disco stopped when boris midney stopped recording
1:50 PM 14-Apr-2012
- Lenny from Montreal Uplifting music
2:01 PM 14-Apr-2012
- Mohammed P this version of 'don't cry for me argentina' is so rare. thankyou dearly for playing it.
2:09 PM 14-Apr-2012

Mr. John Distell, Montreal, Quebec	Can I get a cd of this show? 2:15 PM 14-Apr-2012
Elorious Cain	After the show has been aired it is entered into the "on demand: system" then you should be able to listen to the show again any time you want. I can't make cds of my show. 2:21 PM 14-Apr-2012
J Mack	Cerrone was a studio drummer who hired side musicians - Boris Midney is a composer and a producer/engineer and an instrumentalist - sax, keyboards.. So pls make a note Alan Jones of Tomb Raider fame said it all in Saturday Night Fever - the story of disco co-authored by DJ Jussi Kanton - Boris Midney is the worlds greatest composer/producer. Then and now. 2:27 PM 14-Apr-2012
Elorious Cain	J. Mack is absolutely right about Cerrone. His strong opinion about the amazing Boris Midney is noted! 2:30 PM 14-Apr-2012
Niall	Thank you J Mack. I still enjoy Cerrone, but for different reasons than I appreciate Midney, or Moroder, or even Meco. It's a lovely farmer's market of eurodisco, and the best diet is a varied one. :) 2:30 PM 14-Apr-2012
J.McLeod	This is a fantastic show Elorious! The great Boris Midney is truly timeless. 2:37 PM 14-Apr-2012
boris, Paris	but cerrone's "love in c minor" is more sophisticated than this shit 2:39 PM 14-Apr-2012
J.McLeod	Except that "Love In C Minor" is an Alec R. Costandinos song. Alec wrote and produced the song for Cerrone. 2:44 PM 14-Apr-2012
Elorious Cain	Love in C Minor" was actually produced by Alec R. Costandinos. Cerrone paid him to do it. Nothing that Boris Midney did is shit. NOTHING!!! 2:45 PM 14-Apr-2012
Niall	There's no need for someone from Paris or Lile to try and "defend" their countryman Cerrone over Midney. Apples and oranges; very different sounds and intents. 2:47 PM 14-Apr-2012
Danny, Buffalo,ny	Elorious - What a great tribute! You didn't need to ramble on about Midney, as his music spoke volumes 2:55 PM 14-Apr-2012
Lenny Strong, Alabama usa	I used to have dozens of disco records. I sold most of it but not my usaeuropean stuff. Your show was perfect. 12:27 PM 15-Apr-2012
